CD-I Full Functional Specification

List Of Changes LOC-i

Changes from "CD-I Full Functional Specification, March 1993" to "CD-I Full Functional Specification, May 1994"

The December 1993 update of the CD-I Full Functional Specification contains one new application note (AN 5), three new CD-I devices and a few corrections of the existing text. The changes with respect to the March 1993 version are listed below.

For the May 1994 version of the CD-I Full Functional Specification only the pages that are new or changed are distributed, these pages are dated "May 1994".

The chapter and page numbers in the list below refer to the page numbers found in the May 1994 version.

List Of Changes   LOC-ii

Chapter	Page	Changes made		
		Old	New	Reason
Preface	i ii v vi	Date changed. Date changed. Note 5 added to Table of Contents. Date changed.
